HAYWOOD'S COUNSEL WATCH EVERY MOVE

Celebrated Idaho Case Reaches Most Interesting Stage.

SCORE OF SLEUTHS ON ALERT

Defense Active in the Endeavor to Uncover Something New by Which the Client May Be Cleared of Murder Charge.

Boise, Idaho, June 20—Secrecy is the watchword of the men who are conducting the prosecution of William D. Heywood, charged by the state of Idaho with compassing the death by assassination of a former chief executive, and mystery surrounds every move made by counsel retained by the Western Federation of Miners to defend their secretary.

The case has reached the stage where every move on the part of the state attorneys is more closely watched and reported on by a score of sleuths employed by the defense in order that counteracting evidence may be secured from the points in the four or five western states, where the alleged conspiracy, culminating, according to teh allegations of the prosecutors, in half a hundred murders, played its part and from which the state is producing witnesses. While the state has its days in court, another score of detectives watch the employes of the defense in the hope of uncovering some new move by which counsel for Haywood hope to clear their client from the charge of murder. In these last few days, during which the state hopes to clinch and corroborate beyond a doubt in the minds of the 12 men with whom the final judgment rests, the story told by Harry Orchard, the self-confessed co-conspirator with Haywood, a tremendous activity is apparent.

Witnesses for the defense, numbering between 150 and 200, will be here by the end of the week. Colorado supplies the largest number of these, but California, Idaho and Washington will send others.

Woman to Testify.

Among the state's witnesses who arrived Tuesday was Judge Goddard, a justice of the supreme court of Colorado, who was hunted by Orchard. A woman witness here from California, who kept the house in which Orchard had a room while in San Francisco, is expected to testiy that while Orchard was in her room she found evidence that, in the light of his confession, shows he tried expieriments with the trigger for a bomb. She found, it is said, a small screweye in the door of the room with a piece of fishing line passing through it and a cork at one end. The fishing line corresponded, it is alleged, with the piece of fishing line which was attached to the bomb that killed Steunenberg, and a section of which was found in Orchard's trunk at Caldwell after his arrest.

The witness on the stand at the opening of court Wednesday morning was Ed Boyce, now a very wealthy man and one of the owners of the Herclaes mine in the Coeur d'Alene, of which Orchard owned at one time a sixteenth share. Boyce was for several years the president of the Western Federation of Miners. He has identified the Miners' Magazine as the official organ of the federation. It was, in fact, started under his direction while president. With the opening of court Wednesday morning the fight turned on the introduction of copies of the magazine. Those which have been offered in evidence contain a number of articles commenting on former Governor Steunenberg. Some of these articles are over the signature of William D. Haywood and the state hopes to get them in as proof of the animus that existed in Haywood's mind against the governor who had driven the Western Federation from the state, and whose example had been followed by the governor of Colorado in the calling out of the militia to quell the disturbances and regulate the mining towns.

May Close Case Friday.

The state now expects to close its case indirect by Friday night, when it is probable that the court will adjourn over until Monday. The opening of the defense will probably take one day and then will commence the attack on the story told by Orchard. Counsel for the defense will at the close of the state's case, however, move to strike out Orchard's entire story on the ground that the state has failed to link Haywood with the murder of Steunenberg with which he is charged.

Immigration Was Indorsed.

Columbus, Ga., June 20.—At the annual convention of the Georgia Industrial association, held at Warm Springs, with sixty cotton manufacturers from all sections of the state in attendance, emphatic indorsement was given the movement to induce European emigrants to locate in the state of Georgia. Following a stirring address by G. Gunby Jordan, of Columbus, president of the Georgia Immigration association, in which he gave a graphic description of the work of the association to secure more white citizens for this state, telling of European conditions as he found them on his recent trip, the convention adopted by unanimous vote a resolution heartily indorsing the work of the immigration association.

War Talk Absurd, Says Wakatsuki.

New York, June 20.—Reiziro Wakatsuki, vice minister of finance of Japan, who is now in this city studying financial conditions, has this to say of the attitude of his people in America: "Respect and love for the American people and admiration for American ideals of government is a tradition of the Japanese race. It is a feeling that will be strengthened with the passing years. To my mind the future of Japan and the United States lies along harmonious paths. Talk of wa r between the United States and Japan is worse than absurd. It s silly."

Harrahan Appointed Assistant.

New York, June 20.—W. J. Harrahan, fourth vice president of the Illinois Central and son of J. T. Harrahan, president of that road, has been appointed assistant to the president of the Erie. Mr. Harrahan worked up in the Illinois Central service under his father, and had charge of the operating department prior to last November. At thah time, concurrently with the election of his father as president, he was made fourth vice president and put in charge of traffic and inspection.

Collision Near Birmingham.

Birmingham, Ala., June 20.—Eleven persons were hurt, none fatally, in a head-on collision between a work train going east and a local freight west-bound, on the St. Louis and San Francisco railroad, Wednesday, 10 miles west of Birmingham. Sam King, engineer of a steam shovel on the work train, is the most seriously injured. Two firemen were badly bruised. All the injured persons are railroad employees.

Prominent Educator Dead.

Nashville, Tenn., June 20.—News has reached here from Ann Arbor, Mich., of the death of Dr. W. H. Payne, formerly chancellor of the university of Nashville, and president of Peabody college of this city. He resigned these positions in 1901 to accept a chair in the university of Michigan, and was succeeded by ex-Governor James D. Porter. Dr. Payne was born at Farmington, N. Y., in 1836.

Ten Injured at Birmingham.

Birmingham, Ala., June 20.—Ten persons were injured Tuesday afternoon when a 'Frisco switch engine crashed into a North Highland electric car at Nineteenth street and Ninth avenue, north. A green motorman failed to see the danger flag and ran his car directly on to the crossing in front of the engine.

Sickness Brought on Suicide.

Columbia, S. C., June 20.—Starks Garner, a prosperous farmer of Union, committed suicide Tuesday by shooting himself through the heart with a gun. Garner and his entire family had been ill with fever. It is supposed that the disease had weakened his mind.

LOYAL TROOPS AND SAPPERS IN FIGHT

Mutiny Is Suppressed After a Bloody Engagement.

SEVENTY KILLED OR WOUNDED

At Kiev, Russia, Where Revolutionary Ideas Have Made Greatest Inroads, Fierce Engagement Takes Place.

St. Petersburg, June 20.—Details of the mutiny of sappers at Kiev show that it was suppressed only after a bloody engagement at midnight June 17, between the mutineers and the loyal troops in which about 70 men were killed or wounded.

Kiev is one of the cities where revolutionary ideas have made the greatest inroads on the ramy and the revolutionary military organization is very powerful, counting among its members dozens of officers. The mutiny was planned to coincide with a general political strike as a reply to the dissolution of parliament, involving the railroads, telegraphs and the mails.

In several of the suothern provinces arrangements for the strike had been making for months under the leadership of an experienced organizer, M. Loskotj, who was a member of the first parliament. The decision of the revolutionary staff at St. Petersburg to refrain from demonstrations was disobeyed by the hot-headed sappers. At midnight on June 17, 500 men at a given signal left their beds, disarmed the sentries, hurriedly dressed, obtained some loaded cartridges and then marched to the camp square and fired a volley in the air.

Fell Dead at First Volley.

The officer on duty, Captain Akuloff, ran out and addressed the mutineers, advising them to disperse. He then called out another batallion, drew the men up and led a charge on the mutineers, ordering them to surrender. On their refusal to do so, Captain Akuloff ordered the troops to fire, and fell dead himself at the first volley.

The fighting continued for several minutes. Half a dozen others were killed, and about 60 were wounded.

Finally, the mutineers, with no officers, no leaders and no plans, wavered and fled. Two hundred and fifty were captured, but 193 eluded pursuit and hid in the city.

Ringleaders Became Frightened.

The mutiny at Kiev was arranged by Shefch Ecko, a revolutionist of good family, who entered the army as a volunteer for the purpose of undermining discipline, and won over many of his comrades, but when he raised the standard of revolt they were frightened, and the little band of ringleaders was overpowered.

Three bombs were found in Shefch Ecko's tent. All the mutineers will be tried by courtmartial.

The workmen employed in a big factory at Kiev struck after the mutiny, but they have not yet been joined by the employees of other factories.

General Sukhmlinoff, the commander of Kiev, is taking the most energetic measures to arrest the leaders of the movement. Hundreds of houses have been searched and 93 citizens have been arrested, among them being officials of the railways and telegraph service and the editors of a newspaper.

Numerous arrests were made in Kiev and a number of bombs were found, but order is now restored.

The city is in the hands of the military.

Life Sentence for John Cain.

Washington, Ga., June 20.—Judge Holden Tuesday sentenced John Cain to life imprisonment for the murder of his friend, John Hix, at Ficklin, Ga., in this county, on April 28 last. The jury in the case, after 12 hours' deliberation, returned a verdict of "guilty" against the defendant, with a recommendation to mercy of court. The findings of the jury were in accordance with the expressed prediction of a majority who heard the evidence that was adduced in the trial.

BLACK HAND'S POWER.

Court Witness Is Silenced by Mysterious Sign.

New York, June 20—Ignasio de Leonardo and Pieltro Pampinellia were Tuesday convicted of kidnaping and employing "Black Hand" methods of extortion. De Leonardo was first found guilty and at once offered to turn state's evidence. At the moment he took the stand, Pampinellia placed his hands on his temples and brought them down slowly until they met his throat. The effect on de Leonardo was startling. The witness turned deathly pale. Then he managed to say:

"I am sick; I cannot testify."

"Why?" demanded Judge O'Sullivan.

With another effort de Leonardo replied:

"Pampinellia has just given me the sign of death. It is the Black Hand. I will not testify."

The witness was removed from the room and given a chance to recover himself. Later he was returned to the stand only to collapse when his eyes met those of his partner in crime. He positively refused to give evidence.

Pampinellia was, however, convicted, as de Leonardo had been, chiefly on the testimony of 7-year-old Salvator Siata, who was stolen from his home last winter and held a prisoner while "Black Hand" letters demanded from his father, a prosperous barber, a ransom of $10,000. The youth was eventually released, though the father denied that he had settled with the abductors.

To Clear the Ocmulgee.

Macon, Ga., June 20.—Early next month work will be started by the government officials upon clearing the Ocmulgee river for the new steamers that will be put into operation between Macon and Brunswick. The fund available for this purpose will be sent out July 1, and after that time the new work will be taken up with a view of affording the Macon business men every opportunity to secure a successful line of steamers from this point. President Emmett Small, of the Macon chamber of commerce, has gone forward with the plans for the construction of th esteamers, and his company will give every possible moment of time to the beginning of river business. There are bright prospects and it is believed that the enterprise will prove a paying one and will in addition give Macon a much better rate.

Eight Corpses Are Recovered.

Washington, June 20—Rear Admiral Brownson, chief of the navigation bureau, navy department, has received a dispatch from Rear Admiral Emory, in command of the fleet in Hampton Roads, stating that the bodies of two more of the victims of the Minnesota's launch accident were recovered Tuesday. This makes eight bodies recovered, leaving only Midshipman Henry C. Murfin, Jr., of Jackson, Ohio, and Seaman F. R. Plumber and Jesse Conn still missing.

Accidentally Killed by Brother-in-Law

West Point, Ga., June 20.—Bert Smith, son of City Marshal J. P. Smith, was accidentally shot and instantly killed by his brother-in-law, Roy Askew, at his home some miles in the country. Smith had been cleaning his pistol, and in a friendly tussle between the young men it was discharged in the hands of young Askew with fatal results.

Died from Drinking Water.

Adel, Ga., June 20.—Wash Johnson, a boy about eighteen years old, had a difficulty with some negro boys Sunday. After running some distance to get away from them he stopped at a well and drank too much water. The boy, overheated, was soon in a state of acute congestion, from which he died in about two hours.

Bond Election at Columbus.

Columbus, Ga., June 20.—City council Tuesday afternon passed by almost unanimous vote an ordinance calling for an election on October 10th on the issuance of $100,000 of 4 per cent bonds to run for twenty-five years, the proceeds from which to be used in the construction of a municipal lighting system.

REPUBLICANS MEET AT LOUISVILLE, KY.

The Presidential Question Overshadows All Issues.

CONTESTS FOR OFFICES SPIRITED

Lines Have Been Sharply Drawn Between the Fairbanks and Taft Elements—Former Governor Bradley Is Chairman.

Louisville, Ky., June 20.—Interest in the endorsement of a candidate for president of the United States in 1908 overshadows all issues before the state Republican convention which met here Wednesday afternoon. The lines have been so sharply drawn between the Fairbanks and Taft elements, that it is expected in the interest of harmony that no name will be decided on and that the matter will result in an endorsement of President Roosevelt's policies and a Roosevelt man.

Hon. Augustus E. Willson, of the city of Louisville, Ky., will probably be nominated for governor by acclamation.

Contests for minor offices, with the exception of that of lieutenant governor, are spirited. In every case there are two or more candidates, each with a considerable following.

Former Governor W. O. Bradley is permanent chairman. Judge William H. Holt, was decided upon late Tuesday night for the temporary chairman. His selection is regarded as a victory for the anti-Taft element of the party.

PORTER JONES CONFESSES.

Young Putnam County Man Says He Shot Robert Adams.

Eatonton, Ga., June 20.—Snice the arrest and incarceration of Albert "Quee," as he is commonly called, and Porter Jones, charged with the killing of Robert F. Adams, the excitement has greatly abated, and a quiet and thorough investigation by the commitment court may be expected by the public.

The verdict rendered at the coroner's inquest was that Adams' death was caused by a gun or pistol wound in the hands of either Albert or Porter Jones. Just before dying Adams stated to his wife that "Quee" (Albert) Jones shot him. Soon after the tragedy Albert and his brother, Harris, appeared on the scene and stated to certain of the assembled crowd that their youngest brother, Porter, did the shooting. These conflicting statements account for the form of the verdict. At the commitment trial it is said Albert Jones will be able to prove an alibi.

Later in the night, when Porter, a young man about 18 or 20 years of age, gave himself up to the sheriff and his deputy, he made a full confession, stating that he had shot Adams because of insulting language used by the latter. The language used, he claims, tauntingly referred to the recent indictment of Albert and Harris by the federal grand jury at Macon for complicity in the illicit distillery business recently raided just across the river in Hancock county. In addition, the old family feud aggravated the matter.

Tennessee Tobacco Crop Small.

Nashville, Tenn., June 20.—An Adams, Tenn., dispatch to the Banner, says only about 65 per cent of the tobacco crop has been set out. Owing to the scarcity of labor and plants, it will be the smallest tobacco crop ever planted. Adams is in the famous dark tobacco territory.

Swedish Prince to Visit America.

Copenhagen, June 20—Although he speaks execellent English, Prince William of Sweden, who expects to visit America this year, has secured the services of a teacher of languages in order to perfect himself in the American accent and expression.

Spanish Statesman Dead.

Madrid, June 20.—Senor Muro, a former minister and head of the Republican minority in the chamber, is dead.

STATE NORMAL NOW WELL UNDER WAY

Students from Various Sections of State in Attendance.

ATTENDANCE WILL BE LARGE

Number Arriving Every Day, and Indications Are That Number of Enrollment Will Reach 250 Pupils Before Closing of the Term.

The State Normal which opened under such favorable conditions at the Gainesville Graded and High School building Monday morning, and at which there was present a most encouraging attendance, considering the first or opening day, still increases in point of number, and the indications are that before the end of the present week there will be a heavy enrollment.

Principal Dr. W. F. Yocum, who is dean of the University of the State of Florida, feels very much encouraged, and believes that the enrollment before two weeks will have elapsed will exceed two hundred, with a possible maximum before the close of the term, which will consume eight weeks, of two hundred and fifty.

Dr. Yocum and his force, which is one of the most competent that could have been gotten together in the State, went immediately to hard work, with the result that the system was organized and in excellent working order before the closing of the first day.

The students, many of whom are no strangers here, are delighted with the faculty, Gainesville, and their surroundings generally, and have made a united resolution to make this one of the most successful normal scholastic years the State has ever enjoyed.

Teachers Were Entertained.

The first function of the term extended the teachers was on Tuesday evening, when, at the elegant home of Col. and Mrs. J. M. Rivers, East Gainesville, they were tendered an informal reception by the Baptist Young People's Union. There were a hundred or more present, and the evening was passed in a most enjoyable manner, the students being given an opportunity to meet the people of the city. Delicious fruit punch was served during the evening.

LOWMANS TO HAVE HEARING.

Preliminary Trial Has Been Set for Friday, June 21.

Bascom and George Lowman, father and son, charged with the killing of Dunlap Phinney, will be given a preliminary hearing tomorrow before County Judge Ben Friedman.

This case, owing to the prominence of the parties, is attracting wide attention, and a good many people are expected to attend the preliminary.—Levy Times-Democrat.

COLLEGE PARK LOTS ON MARKET AGAIN

College Park Company Decides To Place Lots at Auction Sale.

A MOST DESIRABLE LOCATION

This Elegant Tract Situated Opposite the University is Destined to Become the Fashionable Residence District of Gainesville.

The College Park Company, which proposes to develop into a beautiful and populous suburb that fine tract of land situated directly opposite the University, have decided to sell the remainder of their lots at auction at an early date. The company had these lots on the market for a couple of weeks some time since, and during that time many of them were purchased by people who will later improve them. The company had thought of withdrawing this property from the market until several more of the University buildings were completed, but the inquiries about the lots have been so numerous and the demand for them so decided, that the company, to give everyone an equal chance, has determined to dispose of all the remaining lots at auction. We understand the lots are to be sold on very easy terms, which will enable everyone to avail themselves of this rare opportunity to secure one or more of these lots.

Everyone who is familiar with the location of this property predicts that College Park lots will increase in value rapidly as the University grows.

R. J. Warrick of Savannah, manager of the sales department and auctioneer of the Consolidated Land Company of Waycross, Ga., is here, and will conduct this sale. Mr. Warrick holds the blue ribbon on land auction sales, having recently disposed of seventy-six lots in Lincoln Park, Wadley, Ga., in two hours and thirty minutes.

MR. POOSER IMPROVING.

Victim of Railroad Accident is Getting Along Nicely.

Trainmaster A. I. Pooser of the Atlantic Coast Line, who sustained a severely sprained ankle in a head-on collision between the Citra and High Springs local and the Palatka freight at Micanopy junction a few days ago, and who was brought to his home in this city, is getting along finely, which will be gratifying news to his many friends not only in Gainesville, but along the line.

While this accident was in no way serious, it was nevertheless quite painful, and has confined the trainmaster to his bed for several days.

Will Hold Traveling Job.

W. Trueheart Bodiford, son of Dr. and Mrs. J. S. Bodiford of this city, and a young man well known here, has accepted a traveling position with Solomon & Co., wholesale druggists, Savannah, and after a month's stay in the store of that firm for the purpose of learning the stock and receiving instructions, will be assigned to the territory of South Georgia and Florida.

Mr. Bodiford recently graduated with nigh honors, and is regarded as a most competent man in his profession. His friends feel confident that he will "make good," and predict for him a successful future.

The West End Boys.

The "West End boys," of whom there are no cleverer set living, have returned to their respective homes, after spending three or four days attending court here.

Among those who left Thursday were Deputy Sheriff L. T. Stringer, A. H. Slaughter, A. B. Simmons and son, H. W. Simmons, A. K. and H. M. Whitefield of Bell, Rev. L. H. Thomas and son, Wm. Thomas, and John R. Thomas of Willeford, and J. C. B. Thomas of Tyler.

Approaching Marriage.

Friends of the contracting parties are anticipating with a great deal of interest the approaching marriage of J. A. Hague and Miss Beecher Rutledge, both of whom are now residing at Tyler. Mr. Hague is the efficient agent of the Atlantic Coast Line at that point, while Miss Rutledge, who was for some time a school teacher, is now postmistress.

Congratulations are in order in advance.

The Biggest Kind of a Change that Ever Happened to Any Magazine Has Happened This Month to

THE SCRAP BOOK

THE SCRAP BOOK for July is issued in two sections—two complete magazines, each with its own cover and its own table of contents. One of these sections is an ALL-ILLUSTRATED magazine; the other is an ALL-FICTION magazine. Each is a mammoth magazine in itself. The one presents an overwhelming array of human interest articles and illustrations; the other an enormous tonnage of fiction—160 pages of absorbing stories.

Ten years ago I created a new type of magazine—the ALL-FICTION magazine. Now I am creating another distinct type—the ALL-ILLUSTRATED magazine. This is the age of specialization. The conventional magazine, with its smattering of illustrations and its smattering of fiction and its smattering of special articles, doesn't contain enough of any one thing to make it satisfying. The ALL-FICTION magazine and the ALL-ILLUSTRATED magazine, joined together as a unit, strengthen each other, and make something really big and forceful and convincing.

The Only Way to Know a Thing is to Try It

The two-section magazine idea is brand-new to the world. It is not quite new with me, however, as I have given it, at odd times, four or five years of thought. It first came into my mind in response to a desire to couple, in some way, the strength of the all-fiction magazine with the illustrated features of the conventional magazine. It has been a difficult problem to work out. Now that the idea is perfected, I wish to see what there is in it. It looks to me to be very good, but the only way to know a thing is to try it.

Two Magazines for a Quarter—Easy Money

The price of this two-part magazine is twenty-five cents, which is equal to twelve and one-half cents a magazine. Most magazines which were selling at ten cents have been advanced to fifteen cents. THE SCRAP BOOK in two parts means two magazines for twenty-five cents against thirty cents for two fifteen cent magazines.

MR. REED QUITE ILL.

Well-Known Floridian Suffering from Typhoid Fever at Cedar Key.

Information has reached this city of the serious illness at Cedar Key of David Yulee Reed, who is suffering from typhoid fever of the severest type. He was attended Wednesday evening by Dr. J. Harrison Hodges of this city, who received a summons by telegraph.

Mr. Reed is a prominent man throughout the State. He is a grandson of Major David Yulee, deceased, who constructed the first railroad ever built in Florida, from Fernandina to Cedar Key, and was at one time United States Senator. His numerous friends in this section and throughout the State trust that there will soon be a change for the better.

Mr. Reed is receiving the best medical attention it is possible to give him.

Fine Postal Collection.

To Miss Estelle Beal of this city belongs the credit of probably having received by mail at one time the largest collection of postal cards ever received by any one person in the State, the number aggregating forty-seven.

These were souvenir postals sent by a friend, comprising a collection of capitol buildings throughout the United States. Miss Beal is naturally very proud of both the distinction of this big "batch" of mail as well as the thoughtfulness of her friend.

HAIR NATURALLY ABUNDANT.

When It Is Free of Dandruff, It Grows Luxuriantly.

Hair preparations and dandruff cures, as a rule, are sticky or irritating affairs that do no earthly good. Hair, when not diseased, grows naturally, luxuriantly. Dandruff is the cause of nine-tenths of all hair trouble, and dandruff is caused by a germ. The only way to cure dandruff is to kill the germ; and, so far, the only hair preparation that will positively destroy the germ is Newbro's Herpicide—absolutely harmless, free from grease, sediment, dye matter or dangerous drugs. It allays itching instantly; makes hair glossy and soft as silk. "Destroy the cause, you remove the effect." Sold by leading druggists. PLENTY MATERIAL TO CONTINUE ROAD

Two Property Owners Offer Ample Supply of Clay.

A VISIT TO THE CLAY-PITS

Commissioner Pedrick and Messrs. Lynch and Sanchez Also Visited the Deposits of Clay—Liberal Offer Insures Continuation of Work.

Rev. P. J. Lynch, pastor of St. Patrick's Catholic church, and Col. E. C. F. Sanchez, both of whom own valuable land with heavy deposits of first-class clay, have come to the rescue of the county commissioners in the matter of road construction by offering the county gratis all the material they desire to use from their lands, provided this material be used on the Gainesville-Prairie Creek road, now under course of construction, the progress of which has been somewhat retarded, owing to lack of material.

This was a very generous offer on the part of the owners of the clay, and one which will naturally be appreciated by the commissioners and citizens generally.

Commissioner Pedrick and Messrs. Lynch and Sanchez made a trip over the newly constructed section of the road Wednesday afternoon, visiting the clay-pits and deposits, when the owners assured Commissioner Pedrick that he was welcome to dig all the clay he wanted to complete the road.

The road team, under direction of Overseer Waits, has made good progress since they have been assigned to duty there a few weeks ago. About two miles of good road has been completed, and now, since there is an assurance of an abundance of material, the work will be pushed rapidly towards Prairie Creek.

When this stretch is completed, it will be about eight miles in length.

AUTO CAUSED RUNAWAY.

S. F. Brooks' Horse Dashed Down Street, Causing Some Damage.

An automobile caused a lot of trouble, some damage and some pain Wednesday afternoon, when the animal became frightened at the passing automobile and made a sudden dash, throwing both occupants out of the vehicle and injuring one of them about the head painfully. The team was the property of S. F. Brooks.

This same team became frightened at another automobile Thursday morning, but with less serious results, as the driver was enabled finally to control him.

Owners and drivers of automobiles should use more precaution at the manner in which they approach teams.

THE CIRCUIT COURT.

Case of State vs. J. W. Brown for Embezzlement Resulted in Mistrial.

It was a slow day in the circuit court Thursday, the entire day being virtually taken up with a continuance of the case of the State vs. J. W. Brown, charged with embezzlement, and which occupied the greater part of the session Wednesday afternoon.

After a long list of witnesses, the testimony of whom the jurors listened to most impatiently, the jury retired, but was unable to agree upon a verdict, whereupon the court adjourned until 9 o'clock Friday morning.

A Distinguished Benedict.

It may not be generally known, but it is a fact, that His Honor, County Judge Mason, issued a day or two recently a license to marry to General Stonewall Jackson, who proposes to take unto himself as a wife Ida Jenkins, the ceremony to be performed at Orange Heights.

Judge Mason does not believe, however, that this prospective groom is the original "General Stonewall," as he is at present employed on a naval stores farm at Orange Heights. However, the name is suggestive of great men, and Judge Mason may truthfully state that he has issued a marriage license in the name of this distinguished personage.

BABY'S DREADFUL CASE OF ECZEMA

Extended Over Entire Body—Mouth Covered With Crusts as Thick as Finger Which Would Bleed and Suppurate—Disease Ate Large Holes in Cheeks—Hands Pinned Down to Stop Agonized Scratching—Three Doctors' Best Efforts Failed to Give Relief.

BUT CUTICURA WORKS A MIRACULOUS CURE

"When my little boy was six months old he had ezcema. The sores extended so quickly over the whole body that we at once called in the doctor. We then went to another doctor, but he could not help him, and in our despair we went to a third one. Matters became so bad that he had regular holes in his cheeks, large enough to put a finger into. The food had to be given with a spoon, for his mouth was covered with crusts as thick as a finger, and whenever he opened the mouth they began to bleed and suppurate, as did also his eyes. Hands, arms, chest, and back, in short the whole body was covered over and over. We had no rest by day or night. Whenever he was laid in his bed, we had to pin his hands down, otherwise he would scratch his face and make an open sore. I think his face must have itched most fearfully.

"We finally thought nothing could help, and I had made up my mind to send my wife with the child to Europe, hoping that the sea air might cure him, otherwise he was to be put under good medical care there. But, Lord be blessed, matters came differently, and we soon saw a miracle. A friend of ours spoke about Cuticura. We made a trial with Cuticura Soap, Ointment, and Resolvent, and within ten days or two weeks we noticed a decided improvement. Just as quickly as the sickness had appeared it also began to disappear, and within ten weeks the child was absolutely well, and his skin was smooth and white as never before. F. Hohrath, President of the C. L. Hohrath Company, Manufacturers of Silk Ribbons, 4 to 20 Rink Alley, South Bethlehem, Pa., June 5, 1905."

Complete External and Internal Treatment for Every Humor of Infants, Children, and Adults consists of Cuticura Soap (25c.) to Cleanse the Skin, Cuticura Ointment (50c.) to Heal the Skin, and Cuticura Resolvent (50c.), (or in the form of Chocolate Coated Pills 25c. per vial of 60) to Purify the Blood. Sold throughout the world. Potter Drug & Chem. Corp., Sole Props., Boston, Mass.

JONESVILLE NEWS NOTES.

Jonesville, June 20.—W. H. Pickett is at the home of his parents, Mr. and Mrs. H. A. Pickett, spending his vacation. He has been attending college at Abbeville, Ga.

Wonder who it was that was so badly disappointed Sunday? Too bad.

The picnic which was held at the new school building on June 14, in honor of G. H. Sanchez', Sr., seventy-fifth birthday, was quite a success. The dinner, which the good ladies of Jonesville know so well how to prepare, was as nice as it was plentiful. Ice cream was served, and altogether it was a day never to be forgotten by those who were so fortunate as to have attended. All wish for Mr. Sanchez many more years with just such a time at each anniversary.

W. J. Hamilton has moved to Newberry and gone in the livery stable business. Mr. Hamilton has many friends who regretted very much his departure, and Newberry is to be congratulated in being so lucky as to get him for a citizen.

The preparations for a grand time at the church at this place on Friday and Saturday before and the fifth Sunday are being carried on. All are invited. All that do not come will regret it.

Baseball Players and Foot Racers.

Louis J. Kruger, ex-champion long distance foot racer of Germany and Holland, writes, Oct. 27, 1901: "During my training of eight weeks' foot races at Salt Lake City, in April last, I used Ballard's Snow Liniment to my greatest satisfaction. Therefore, I highly recommend Snow Liniment to all who are troubled with sprains, bruises or rheumatism." 25c, 50c and $1.00. Sold by W. M. Johnson.

Thirty-Ninth Convention.

Boston, June 19.—The thirty-ninth convention of the Junior Order of the United American Mechanics began here Tuesday with 150 delegates present. The convention will be in session through Thursday.

TO STUDY EUROPEAN METHODS.

Brigadier General Sharpe Will Make Investigations.

Washington, June 20.—A study of the methods in vogue in branches of European armies, corresponding to that of subsistence in the American establishment, is stated to be the object of a trip of Brigadier General Henry G. Sharpe, commissary general of subsistence, who will start for Europe on Saturday next.

He will sail from New York to Dover, England, starting his investigations in that country. He will also visit Germany and France for the same purpose. It will be the first time that an officer of the commissary bureau has gone to Europe on a mission of this character. General Sharpe thinks that a thorough inquiry as to European methods of purchase, preparing for use and transporting subsistence may be helpful in many ways for the information of the subsistence department in this country.

NEW ISSUE MUST BE FOUND.

Chairman Shaw Informally Discusses 1908 Republican Campaign.

Kansas City, Mo., June 20—Harry S. New, chairman of the Republican national committee, discussing the campaign of 1900 informally, Tuesday night at the banquet of the Missouri Republican club, said:

"The country is not going back to silver. A new issue must be found. That issue will be Theodore Roosevelt.

"The man who announces himself for office in 1908 must be a Roosevelt supporter.

"Those who have been criticising the president for his handiwork in various recent exposures cannot keep their equilibrium in 1908. They will be beaten long before the country goes to the polls."

Senator Beveridge Goes to Europe.

New York, June 20.—United States Senator Albert J. Beveridge, of Indiana, who has just sailed for Europe on the steamship Kron Prinz Wilhelm, is going to Germany for the purpose of making a thorough and comprehensive study of the inheritance tax system in that country with a view of using such parts of it as he thinks good in molding a bill he proposes to introduce in the senate when congress opens next fall. The senator has declined to discuss the report that while he is abroad he will be married to Miss Catherine Eddy, of Chicago, a sister of Spencer Eddy, of the United States diplomatic corps.

Governor Endorses 2-Cent Fare.

Kansas City, Mo., June 20—Governor Folk, of Missouri, who has been in active sympathy with the attitude of Attorney General Hadley in the 2-cent fare controversy, in an interview here Tuesday night, said: "I am glad to see the 2-cent fare is to be tried, and its action, the railroads will find, after a thorough test, will not be unjust. If passes are dispensed with and every one made to pay fare, this, with the increase of travel incident to the reduced rate, should more than make the difference between the 2 and 3 cent rates."

Arrests In Kidnaping Case.

New Orleans, La., June 20.—In the Lamana kidnaping case Tuesday four Italians were arrested. Two were held as suspicious persons and the other two were released. Several houses were searched by detectives at Gretna, a suburb of New Orleans. The finding of the kidnaped boy, however, appeared as far from accomplishment as when the search began several days ago.

Mad Dog Bites Three Children.

Gainesville, Ga., June 20.—Monday afternoon Dr. L. N. Osborne, of Holly Springs, Ga., passed through the city enroute to Atlanta, where he carried two of Mr. J. C. Hancock's children and one of his own to the Pasteur institute of that city for treatment. These children the latter part of last week were bitten by a mad dog at their homes at Holly Springs, Ga.

Mark Twain in London.

London, June 19.—A number of friends and admirers met Mark Twain (Samuel L. Clemens) on his arrival here Tuesday morning from New York. Among those introduced to the American humorist was George Bernard Shaw, the author, with whom Twain engaged in conversation for some time.

First Rule of Health

Ask your doctor, "What is the first great rule of health?" Nine doctors out of ten will quickly reply, "Keep the bowels regular." While you are about it, ask him another question, "What do you think of Ayer's Pills for constipation?" We are willing to trust him. Are you?

MEN ADMIRE

MISS EMMA RUNTZLER

a pretty face, a good figure, but sooner or later learn that the healthy, happy, contented woman is most of all to be admired.

Women troubled with fainting spells, irregularities, nervous irritability, backache, the "blues," and those dreadful dragging sensations, cannot hope to be happy or popular, and advancement in either home, business or social life is impossible.

The cause of these troubles, however, yields quickly to Lydia E. Pinkham's Vegetable Compound made from native roots and herbs. It acts at once upon the organ afflicted and the nerve centers, dispelling effectually all those distressing symptoms. No other medicine in the country has received such unqualified indorsement or has such a record of cures of female ills as has

Lydia E. Pinkham's Vegetable Compound

Miss Emma Runtzler, of 631 State St., Schenectady, N. Y., writes:—"For a long time I was troubled with a weakness which seemed to drain all my strength away. I had dull headaches, was nervous, irritable, and all worn out. Chancing to read one of your advertisements of a case similar to mine cured by Lydia E. Pinkham's Vegetable Compound, I decided to try it and I cannot express my gratitude for the benefit received. I am entirely well and feel like a new person."

Lydia E. Pinkham's Vegetable Compound is the most successful remedy for all forms of Female Complaints, Weak Back, Falling and Displacements, Inflammation and Ulceration, and is invaluable in preparing for childbirth and the Change of Life.

Mrs. Pinkham's Standing Invitation to Women

Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham, at Lynn, Mass. Her advice is free and always helpful.

ROUGH HOUSE AT CHURCH MEETING

Negro at Windsor Wanted to Clean Out House of Worship.

OFFICER STORY CAME IN

He Placed the Negro Under Arrest for Disturbing Public Worship, and He Was Fined $19.22 or Two Months in Jail.

Windsor, June 20.—Windsor was lively last Sunday night. At the negro Baptist church, while the congregation was having a good time singing and praying, Josh Cotman, another negro whom it is said had been partaking a little freely of John Barleycorn, made a raid on the house and wanted to wipe up the floor with his good brothers and sisters.

Just as excitement was at its height Deputy Sheriff L. E. Story, who had been notified of the disturbance, closed in upon the meeting and placed Cotman under arrest.

Cotman was arraigned before Justice of the Peace Zetrouer upon a charge of disturbing public worship. The prisoner pleaded guilty, but expressed his regrets of this uncalled for action. Upon his promise never to be guilty of such action again, the justice made the fine light, $8 and costs, aggregating $19.22, or two months in the county jail.

The public appreciated Deputy Story's action in the matter.

ORANGE HEIGHTS NOTES.

Interesting Budget of News from That Lively Little Burg.

Orange Heights, June 20.—Miss Dorothy Smith, after a pleasant visit with Miss Minniella Eddy, returned to her home at Arredondo last Friday

Mrs. R. E. Dashiell and three children visited Waldo Friday.

Mrs. H. H. Bryan and daughter, and Mrs. Charles Bryan and two sons, visited Hawthorn one day last week.

Captain D. E. Maxwell passed through here Friday noon, having been on a visit to his large orange grove near Melrose, en route to his home in Jacksonville.

John Winter, foreman of carpenters on the Seaboard Air Line, was seen on our streets a few days ago.

J. S. Suggs, a former citizen, after spending a few days with relatives, left Sunday with his two little sons for their home at Palmetto.

Mrs. B. J. Smith of Oxford is the guest of Mrs. C. F. Eddy.

J. W. Tillman, one of our merchants, left for Jacksonville Monday for a brief visit.

Miss S. Maxwell of Hampton is visiting her father, a woods rider for the Melrose Manufacturing Company.

Master Armel Dudley of Lakeland is visiting the family of C. F. Eddy.

The Ladies' Improvement Society of Waldo held their regular meeting at the home of Mrs. C. F. Eddy, Tuesday at 3:30 p. m. While the hostess was receiving the ladies piano selections were given by Miss Minniella Eddy, while Miss Bessie Eddy presided at the punch bowl. After all business matters had been attended to the guests were invited to the dining-room, where a four-course luncheon was spread.

Among those present were: Mrs. Doane, Mrs. Hogan, Mrs. Jolly, Mrs. Winter, Mrs. Lang and Miss Thompson. The next meeting will take place at Waldo.

THE SCRAP BOOK.

An innovation that is without question the greatest that ever happened in magazine publication has come with first appearance of the newest Munsey idea for July. Like all of Mr. Munsey's undertakings, it is a little startling, but it will grow on you. Briefly, it is a magizine in two volumes—under separate covers, but under one name. The name is The Scrap Book—a magic name that made a great magazine a great success from the start. Mr. Munsey says there isn't room enough within one cover to make a big enough and strong enough magazine to satisfy the readers of today.

The Scrap Book in its new form is the largest magazine ever published—the biggest money's worth to be had. Its conception seems only natural to the man who has achieved fame by sizing up the wants of the reading public and then filling the want.

SHORT TALKS BY L. T. COOPER.

INDIGESTION.

Show me a person who suffers from indigestion or dyspepsia and I will show you a person with the meanest disposition on earth. You can't blame them.

MRS. E. KEOGH.

Nothing in the world takes all the cheer and brightness out of life like a balky stomach. People who suffer in this way feel out of humor, out of sorts and irritable all the time. They can't eat a meal without suffering intensely afterward. Their faces are usually covered with pimples and blotches. They always have headache, constipation, are tired and listless and as many whom I have talked to put it 'just feel mean and bad all over.' They are always dosing themselves on pills and pre-digested foods and the like until they have so weakened their stomachs that they can't eat anything. It's all nonsense. I have seen and talked with people who had lived for months on milk and toast, take a bottle or two of Cooper's New Discovery and inside of two weeks sit down and eat a big meal at night then go to bed and sleep as well as any one. Here is one case I have in mind.

Mrs. Ellen Keogh, 1907 Ogden Ave., Superior, Wis., recently wrote me:

"No one knows what awful suffering I have endured from indigestion. My stomach would not digest the simplest foods and no matter what I ate I would be sure to suffer afterwards. I was also constipated and had queer dizzy spells and frightful headaches. Oft times I felt so badly that I could scarcely walk. I had taken Cooper's New Discovery but a short time when I noticed a decided improvement. Now I can truthfully say I feel greatly improved in every way and today for the first time in ten years I enjoyed a hearty meal. I am indeed very grateful to you."

The fact that Mr. Cooper's medicines enjoy larger sales than any others is proof of their great merit.

PANIC AMONG GUESTS.

Gas Explosion Injures Several Persons in Chicago.

Chicago, June 20.—An explosion of gas blew up eight sections of the stone sidewalk in front of the Dearborn hotel, State street, Tuesday night, causing a panic among the guests and injuring several persons. Guests ran through the corridors screaming and climbing down the fire escapes.

Three firemen in attempting to shut off the gas were overcome and were carried to the street by comrades.

When the explosion lifted the sidewalk three men were passing the hotel. They were raised in the air and fell fack into the basement with the broken flagstones. One of them suffered injuries to his legs. The other men were stunned.

After the explosion the hotel was left in darkness and the building soon was filled with fumes from open gas jets. Firemen entered the building and groped about turning off gas. It was while trying to repair a leak in a pipe that the firemen were overcome.

The explosion is thought to have been caused by sparks from an electric light which fell to the walk and ignited the escaping gas. The lamp post was thrown through a window of a pawn shop by the crash.

Swell Colored Reception.

Editor Sun—The reception given at Johnson's Hall Wednesday night by the Friendship Baptist church, colored, was largely attended. Everybody enjoyed themselves to the highest.

The reception was given in honor of Rev. H. K. Hill and wife, who having been united in the holy bonds of matrimony at Green Cove Springs on the 12th inst., returned home Wednesday.

Rev. Hill is pastor of Friendship Baptist church and is well liked, by the people of both races who know him.

After the program, which was rendered by some of the ablest colored people of the city, refreshments were served and everyone went home, having congratulated and welcomed the newly-married couple to their city.

TROOPS CALLED OUT.

Intense Excitement Follows Arrest of Striking Mayor of Narbonne.

Paris, June 20.—M. Ferroul, the striking mayor of Narbonne, and next to Marceline Albert, the most prominent figure in the wine growers' revolt in the south of France, was arrested at his residence at Narbonne at 5:20 o'clock Wednesday morning and hurried to Montpelier.

Before daybreak all roads leading to M. Ferroul's house were held by cuirrassiers in strong force. His bidy guard of wine growers, among whom were many women, which had been nightly watching over the safety of their leader, was on duty as usual; but when the wine growers found themselves surrounded by the armed forces of the government, they did not attempt any resistance.

When M. Ferroul appeared in custody of a police commissary, the police momentarily expected a rescue, but the mayor begged that there be no conflict with the troops, and he was placed in a carriage, and, escorted by 150 cuirrassiers, taken to the railroad station at Narbonne, where a special train was awaiting and started immediately for Montpelier.

Intense excitement prevails at Narbonne, but the people thus far have been overawed by the military display.

At Argelliers the state and police authorities escorted by an imposing military force raided the headquarters of the central committee of the wine growers' organization at daybreak with warrants for the arrest of Marceline Albert and the members of the cental committee, but they found the leader of the movement and several of his lieutenants had already fled. Only three committeemen were captured. They were sent to Montpelier.

Strong forces of troops are scouring the country, hunting down the fugitives. Their escape was facilitated by the fact that the people burned the bridge at the entrance of Argelliers Tuesday evening, making a long detour necessary and delaying the arrival of the government representatives.

Attempted Suicide; May Die.

Louisville, Ky., June 20.—C. C. Vogt, resident manager of the American Tobacco company, and for years identified with the tobacco industry in this city, attempted to commit suicide by shooting Wednesday morning. His condition is critical. Ill health s supposed to have caused the deed.

Baptist College at Lake City.

Lake City, Fla., June 20—The city council has accepted the proposition of the state Baptists to institute a big southern Baptist college here in the former university buildings. The school will be coeducational. The state convention of Baptists will be held here soon.

Col. Bryan has gone on record as objecting to a third term. It may be said, however, that so far there is nothing personal in this.

What shall it profit us to regulate the railroads, bust the trusts, and exterminate grafters, if the weather be permitted to run amuck?

The people of Idaho and Colorado whom Orchard did not kill might organize a Survivors' Club with a small and select membership.

In his efforts to get back into the Senate "Billy" Mason is handicapped by the fact that all his utterances seem to get into the humorous column.

The old University buildings at Lake City are to be used for college purposes, the school to be established by the Florida State Baptist convention.

If the Hague Peace Conference transacts its business and adjourns without coming to blows it will be doing more than some people dare hope for.

There is no use in physicians warning us against microbes in connection with kissing babies. We emphatically refuse to boil the babies, and that's all there is to it.

"The path of poetry leads but to the jail," says the staff poet of The Baltimore Sun. The general impression is that it leads there via the poorhouse, however.

A Detroit man who was trying to support three families has just been declared bankrupt. In view of the cost of living it is a wonder he was not also declared insane.

Judge Wright of Jacksonville will prove a fitting successor to the lamented Judge Dzialynski. No two men were more alike in the way of sympathy for their fellow human beings.

It is really amusing to observe the alacrity with which some people leap into the political arena. They do not seem to comprehend the general definition placed upon the word "baby."

Among other things, California now comes forward with the meanest man in the country. A bridegroom of that State is accused of forcing his bride to eat all the biscuits she bakes.

The "signs of the times" indicate that it would have been best for the people of Tampa to have let the good people of the Pinellas Peninsular depart in peace and formed a new county of their own, as they asked permission to do. "A house divided against itself cannot stand."

The State tax levy for 1907 will be 7½ mills, which is 1½ mills more than the levy for 1906. The purposes for which the levy is made are as follows: General revenue, 2 mills; State school tax, 1 mill; pensions, 4 mills; board of health, ½ mill. It therefore behooves the county commissioners to make the tax levy for county purposes just as low as possible at their meeting in July.

VIRGINIA'S CANDIDATE.

Senator Daniel has clearly stated to The New York World his own position on the discussion of his availability as the Democratic candidate for President by declaring that "Neither the South nor any section should, in my opinion, have a candidate for any place on the Presidential ticket on account of its locality. The country is one, and the Democracy as yet is one.

"The chief requisites of candidacy are ability, acceptability, and availability. That fact should determine the choice. Expediency should be the handmaid of principle, and cannot be overlooked in the present situation of the Democratic party. Ideas and principles should prevail and guide, and expediency should serve them."

And then after eulogizing others mentioned for the same honor he said: "Take the right man from anywhere—New England, the West, the North, the South."

NEW TRICK OF BEEF TRUST.

The mollycoddle plan of prosecuting the beef trust that the administration attempted has evidently had no effect on the Beef Barons. Nothing but an indictment under the criminal section of the anti-trust law will bring them to time. They are evading the beef inspection law by compelling the farmers to stand the loss on "cow stuff" that has been thrown out by the inspectors, although the beef trust buyers selected and bought the cows which were apparently sound and healthy. The stockgrowers have taken alarm and are holding back their cattle from market and in consequence the price of beef has been advanced both wholesale and retail. Thus the consumers have to pay the cost of inspection, thanks to the Republican majority in control of Congress, and also the loss on cattle rejected by the inspectors.

TARIFF REDUCTION.

The goods imported from Germany are virtually, under the new agreement, allowed to enter at the value certified by the German Chambers of Commerce. Thus the duty on German goods is less than that exacted upon the products of other countries which are subject to an ad valorem rate of duty, because the lower the value at which imports are appraised the less the duty. Until we allow France, England and other countries the same favor, it can hardly be called a square deal. The Manufacturers' Association and the standpatters object to this agreement with Germany because it thus reduces the rate of duty in this round-about way.

The Govarnor has appointed as State Geologist, under the Crill bill, Dr. E. H. Sellards of the State University. Dr. Sellards received his special training in geology at Yale University. He was at the time of his appointment Professor of Geology and Zoology in the University of Florida, consulting geologist to the Florida Experiment Station, and assistant on the National Geological Survey. He will begin his new duties at once. The office of the State Geologist is at Tallahassee.

Promises of Republican tariff reform "after election" will not excite anyone who remembers that Republican reciprocity has been promised for years, but seems as far off as ever.

As Wall Street is pleased with President Roosevelt's Indianapolis speech what he plans to do will evidently bear watching.

Beware of Ointments for Catarrh that Contains Mercury

As mercury will surely destroy the sense of smelling and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescription from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

There is to be a new bureau in the immigration service, known as the Division of Information. It is to deal with the distribution of immigrants to the parts of the country where they will do the most good and where the country will do the most good for them. This will be good news to the States of the South and West, if it prove true. The Bureau of Information is expected to keep in touch with the Governors of the several States and with State immigration officials, and even with board of trades and similar commercial bodies. It is to accumulate all the information the immigrant can need in picking out a good location for himself and family. The conception of the scheme is good, and it only remains to be seen whether the immigrants can be induced to take advantage of it or whether it will take some compulsory law to distribute them advantageously over the more thinly settled sections of the country.

Since Secretary Taft has refused to "stand pat," the tariff issue is bound to come to a climax in the Republican national convention, and we shall have the opportunity of knowing whether the majority of the Republican voters want "to let well enough alone"—that is, continue to pay high trust prices, or if they really desire tariff revision that will curb the trusts.

The "color line" was drawn at the recent city election in Jacksonville, with the result that not a negro now holds a city office in the metropolis of Florida. The ward heretofore electing negroes as aldermen substituted white men this time.

The veterans of the war between the States are "firing" in their applications for pensions under the new Florida law with a rapidity that is calculated to make a new "Hotchkiss" ashamed of itself. They now consider the roll one of honor.

"St. Louis has a smoke inspector, but he hasn't done much in the way of stopping smoke," says The Chicago Record-Herald. Why should he stop the smoke? If there were no smoke to inspect he might lose his job.

The Chinese rebels admit that their object is to overthrow the Government by killing all the officials. It would certainly tax human ingenuity to hit on a plan more likely to accomplish the purpose.

BAD BREATH

"For months I had great trouble with my stomach and used all kinds of medicines. My tongue has been actually as green as grass, my breath having a bad odor. Two weeks ago a friend recommended Cascarets and after using them I can willingly and cheerfully say that they have entirely cured me. I therefore let you know that I shall recommend them to any one suffering from such troubles." Chas. H. Halpern, 114 E. 7th St., New York, N. Y.

REFORMS IN CITY OF MACON

Municipal Organiation Will Take Matters in Hand Before Primary.

Macon, Ga., June 19.—Here are several of the reforms that the Macon municipal league will fight for between now and the primary in Macon next November:

A better city government.

Provision for the creation of a sinking fund.

Provision for reducing the floating debt of the city.

Provision for civil service examinations for all city employes.

Home rule, or making it permissible for each city to make its own laws. President H. C. Harris, of the Municipal league, believes that the last may be accomplished if a general bill can be passed by the legislature.

No action has yet been taken by the league in regard to its stand upon the municipal ownership proposition. The first meeting of the league will probably be held before the end of the present month. It may be called by either President Harris or Vice President John P. Ross.

In 1905 the league supported Judge A. L. Miller in the race for mayor, but no side has yet been selected upon. The league wishes first to hear some platforms from Judge Miller and John T. Moore.

American Jury System for Japan.

Washington, June 19—After spending several days in Washington investigating the American judicial system with the view of introducing the jury system of this country in Japan, M. Takagi, a prominent Tokio lawyer, has gone to New York and will sail for London. While in Washington, M. Takagi conferred with Chief Justice Fuller, of the supreme court of the United States, and Attorney General Bonaparte.

Heat Intense in Madrid.

Madrid, June 19.—The heat here is intense. On Sunday it was 95 degrees in the shade. King Alfonso and Queen Victoria are enjoying the cooler atmosphere at LaGranja, where they will probably remain a month. It is reported that they will spend a fortnight on the Isle of Wight in August.

Coffee Crop Situation.

Rio Janeiro, June 19.—The president's message regarding the coffee situation has been referred to a committee. It is believed that it favors the petition of San Paulo. The San Paulo government contemplates requesting the planters to destroy the whole crop of 1908, estimated at 8,000,000 bags.

Duchess Recoves Jewel Case.

London, June 19.—The jewel case lost by the dowager duchess of Roxbury, during her journey from London to Doncasted, June 15, has been found in the car, where it han been mislaid.

THE POCKET SAVINGS BANK EPIDEMIC RAGES FIERCELY

....IN GAINESVILLE....

Beneficent epidemics are scarce, but such a one has struck Gainesville, and people of every station and occupation have the fever.

It is most interesting and instructive to study the constantly changing line of applicants for Pocket Banks as it files through The Sun's business office. There is the mother, bringing her daughter with her and securing a bank for the girl, another for herself, and inquiring anxiously whether she may have another for the boy who is at work. She receives it promptly.

Boys come—some are steady, serious-faced chaps who have begun to think on their own account, and who ask questions about the operation of the scheme which show the results of rubbing up against the world.

Then the High School girls and boys, gay and active, while the workman and business man "slip in" during the noon hour to get a bank for the boy or girl at home, after asking one or two leading questions to make sure there is no joke about the 25 cents.

GAINESVILLE GUARDS PREPARING TO SHOOT

Will Send a Crack Team to State Range in St. Augustine.

OFFICERS ARE CRACK SHOTS

Captain Blanding Has Made a Record in National Shoots as Have Other Members of the Guards—Team Strengthened by Lieut. Warren.

The rifle team of the Gainesville Guards, Company H, Second Infantry, Florida State Troops, which is regarded as one of the most competent when it comes to markmanship in the entire State militia, is practicing for the coming State shoot, which will be held in St. Augustine, on the State range, some time during July.

This team is under command of Captain J. W. Blanding, who has himself made an enviable reputation in the international shoots, having attended the national matches annually for the past three years in command of the Gainesville squad, and who has made some excellent records for markmanship.

The team this year will be strengthened by the addition of First Lieutenant Shields Warren, formerly with the Franklin County Guards, Apalachicola, and who is an excellent shot. Lieutenant Warren accompanies the squad on each shoot, and has made some marvelous shots on the local range. He holds from the adjutant-general's office of the Florida State Troops a certificate of efficiency in markmanship.

The national shoot will be pulled off at Fort Perry, Ohio, in September. The Florida team will be selected from the records of the State shoot, and it is safe to predict in advance that the Gainesville Guards will be strongly represented, as on former occasions

SUMMER EXODUS TO EUROPE.

Every Steamer Leaving New York Is Thronged with Passengers.

New York, June 20.—The summer rush for Europe is now in full swing and every steamship leaving port for the other side is thronged with passengers.

The big liner Adriatic which sailed Wednesday had on board 665 cabin passengers, which means that every berth in the saloon and second cabin was taken.

At least a score of persons desiring to go on the Adriatic were turned away because no room could be had.

Compress Association Meets.

Memphis, Tenn., June 20.—The Southern Compress association met in annual convention Wednesday in the parlors of the Hotel Gayoso. About one hundred and fifty delegates were present from all parts of the south. The morning session was taken up with the registration of members, the annual address of President Joseph Newberger of Memphis, the secretary and treasurer's report and addresses on technical subjects by Joseph F. Pond, of Natchez Miss.; D. W. Longstreet, of Memphis; C. C. Hanson, of Atlanta, and D. McIntyre, of Atlanta, Ga.

There Are Few

People who know how to take care of themselves—the majority do not. The liver is a most important organ in the body. V. C. Simpkins, Alba, Texas, writes: "I have used Herbine for Chills and Fever and find it the best medicine I ever used. I would not be without it. It is as good for children as it is for grown-up people, and I recommend it. It is fine for La Grippe." Sold by W. M. Johnson.

Austrian Parliament Opens.

Vienna, June 19.—The first Austrian parliament elected on the basis of equal universal suffrage was opened Monday. Thousands of people gathered about the parliament building to watch the arrival of the deputies who were otherwise symbolizing their parties and nationality.

A Happy Mother

Will see that her baby is properly cared for—to do this a good purgative is necessary. Many babies suffer from worms and their mothers don't know it—if your baby is feverish and doesn't sleep at night, it is troubled with worms. White's Cream Vermifuge will clean out these worms in a mild, pleasant way. Once tried always used. Give it a trial. Price 35 cents. Sold by W. M. Johnson.

How People Lose Their Money.

By concealing it about their person; by stowing it away in mugs, jugs and jars; by sewing it up in skirts and ticks; by tucking it under the couches and carpets, in cupboards and bureau drawers; these are some of the ways by which people lose their money, and sometimes their lives.

MILLARD HOME BURNED.

One of the Oldest Residences in Section Gone Up in Smoke.

There was a fire Wednesday night at Millard Station, on the Seaboard Air Line, about three miles from Gainesville, which destroyed the famous old Millard home, which for years was one of the hospitable homes of the county, and where many a weary traveler and invited guest have spent a hospitable time with Captain Millard, founder of the statoin, and his family.

Captain Millard, who was one of the early settlers, erected this home nearly thirty years ago, which at that time was a palatial residence for this section of the country. He was extensively engaged in farming and the mercantile business at that time, and nothing was too good for his friends. On divers occasions he has given house parties and entertained them in every way, and for hospitality the name of the Millard home stood at the head.

At the time of the fire the residence was occupied by a number of colored people, many of whom are engaged in the packing houses of J. D. Stringfellow and C. A. Colclough, both of whom are large melon growers and have immense packing houses in that vicinity. The origin is not known, but the fire having started in the attic, it is supposed that it was caused by rats.

L. J. Knight and J. D. Williams of LaCrosse were in the city yesterday. The latter was enroute to Crystal River, where he has decided to engage in the mercantile business. Mr. Knight states that they drove through from LaCrosse, and that they were encircled all the distance by a dense cloud of dust which made the drive very disagreeable, and which was evidence of the extreme drought in this section of the State.

Mrs. J. S. Jolly and daughter, Miss Maud, who have been here for the past two or three days on a visit to Miss Kansas Higginbotham, have returned to their home. It is stated that Mr. Jolly, who is the efficient roadmaster on the Jacksonville and Southwestern division of the Atlantic Coast Line, will soon remove his family from Lake Butler to Jacksonville.

Prof. Jules Eichelberger, the piano tuner and repairer, has returned from White Springs, where he went on pleasure and business combined. Prof. Eichelberger states that the spring was never in better condition, and that large numbers from every section of the country are there for health and pleasure.

Major and Mrs. E. S. Walker, who have been here for the past few weeks as guests of Mrs. Walker's sister, Mrs. G. K. Broome, left yesterday for Lexington, Va., where they will spend the summer. They were accompanied by Mrs. Walker's mother, Mrs. S. A. Stringfellow.

Louis J. Brush of Jacksonville is in the city. Mr. Brush was formerly an extensive sawmill operator of Cedar Key and was at one time a representative to Tallahassee from Levy county.

Mrs. S. A. White and Miss Mattie Boulware left yesterday for Mulberry, Wauchula, Arcadia and other points. The latter expects to be absent several weeks.

Mrs. General Wheeler left yesterday for Dowling Park, where she will recuperate for a few weeks. Friends wish her a pleasant and beneficial sojourn.

Mrs. W. T. Chesnut and children have returned from a pleasant visit to Mr. Chesnut, who is engaged in the mercantile business, at Arredondo.

For Rent—The Clarendon Cottages, Seabreeze. Fully furnished; water and electric lighting. Terms reasonable for the season. J. B. Crocker.

John R. Hague of the station which bears his name, one of the oldest residents of that section of the county, was in the city trading yesterday.

Mr. and Mrs. W. M. Sullivan, after a brief but pleasant visit to their daughter, Miss Alma, in this city, returned to their home yesterday.

A jolly crowd of a dozen spent the day yesterday at Boulware Springs on a fish dinner. They report a fine time.

James Chesnut and wife of Alachua were in the city yesterday on a brief visit to relatives.

G. W. Harrison of Hague was trading in the city yesterday.
